7. Entry procedure, technical specification and format - Stills

7.1 When entering series of images, each group of images must be treated as a separate entry.

7.2 Where a number of images have been entered for an Open Project brief, and the Entrant has been successful, the AOP will only commit to exhibiting up to 8 of the total number of images. The Entrant will be able to decide on the images to be selected for exhibition.

7.3 Neither the Entrant's name(s), nor any copy, must appear anywhere on the image.

7.4 Entrants may name images, however, please note that they will be re-named within the AOP entry-system, for unique and anonymous identification purposes.

7.5 File names must only contain letters (upper or lower case, and/or numbers (0-9), and/or underscore character plus the suffix .jpg. Any other characters including further dots, hyphens or spaces could result in your file being rejected during the upload process.

7.6 Images submitted online should be RGB and in JPEG format. They should be 3500 pixels on the longest edge. Your final file size must not exceed 10 megabytes.

7.7 You are responsible for preparing your images for viewing on a monitor so we suggest that images are targeted/optimized for, and tagged with, the sRGB or sRGB IEC61966-2.1 colour profile and *not* Adobe RGB or any other working- or output-space profile.

8. Entry procedure, technical specification and format - Moving image

8.1 A thumbnail image of your moving image entry must be uploaded, as stated above for stills. Your moving image file can then be uploaded via the link included in the submission confirmation email.

8.2 Only the following format will be accepted for judging:

- H.264 or H.265 encoded MP4 (.mp4) files
- Resolution: 1920 (width) x 1080 (height) HD
- Maximum File size: 5GB
- Maximum length: 7 minutes. If your submission is successful, you may be required to submit an additional shorter edit of the winning entry, for screening during the presentation.

Please note - Quicktime (.mov), Flash (.swf) and Windows (.wmv) files will not be accepted, nor will .ogg or WebM encoding.

9. Collaboration – in addition to the rules laid out in sections 7 and 8

9.1 Where more than one person has contributed to the entry, the roles and responsibilities of each should be made clear in the event that credits and copy are required.

9.2 In the event of the above (9.1), only one person is to act as the Entrant.

9.3 It is the responsibility of the Entrant to ensure that permission has been granted by all collaborators in the event of a multi-authored entry.

10. Dates & deadlines

10.1 All successful entrants must supply high-resolution digital files by the date stated in the Open Project brief. All image credits will need to be uploaded at this point too.

10.2 Copy will NOT be checked, so it is your responsibility to ensure all image credits are correct. Details of the procedure will be given when informed of the results. The high-resolution version must be supplied online as:

- a jpeg saved with minimum compression
- be a maximum size of 3500 pixels along the longest side, and
